PROFESSIONAL SUMMARY

3rd-year Computer Science and Engineering student specializing in **MERN Stack** and **React Native**. Experienced in building scalable full-stack web and mobile applications using React.js, Node.js, MongoDB, and REST APIs. Strong foundation in **DSA** and problem solving.

EDUCATION

Rajkiya Engineering College, Sonbhadra
B.Tech in Computer Science & Engineering

2023 – 2027
CGPA: 8.26/10

EXPERIENCE

Software Development Intern (Full-Stack Developer)

Jan 2026 – Present

Frippy AI Technologies LLP

Remote

- Assisted in the design, development, and testing of full-stack web applications.
- Collaborated in code reviews and participated in agile team meetings to improve code quality.
- Documented features, bugs, and technical workflows for better project maintainability.
- Worked on both frontend and backend tasks, contributing to scalable and efficient solutions.

Full Stack Developer – College Website

July 2025 – Present

Rajkiya Engineering College, Sonbhadra

Sonbhadra-PartTime

- Responsible for developin and managind the official college website using **MERN stack**.
- Implemented authentication, and dynamic modules for departments and notices.
- Enhanced UI/UX with reusable components and **Tailwind CSS**.

Frontend Developer Intern

Sept 2025 – Nov 2025

Coadal Technology Pvt. Ltd.

Remote-Internship

- Developed responsive and reusable UI components using **React.js**, **HTML**, and **CSS**.
- Integrated RESTful APIs for seamless frontend–backend communication.
- Optimized performance and ensured scalability across multiple client projects.

PROJECTS

IEEE CNC 2025 Conference Website | *React.js, Tailwind CSS*

🔗 [Code](#) 🔥 [Live](#)

- Developed the official IEEE CNC 2025 conference website with a modern, responsive UI.
- Implemented modules for committees, schedules, registrations, and announcements.
- Optimized performance and ensured cross-device compatibility.

Alumni Portal for College | *React.js, Node.js, MongoDB, Tailwind CSS*

🔗 [Code](#) 🔥 [Live](#)

- Built a full-stack alumni portal enabling mentorship, networking, and job opportunities.
- Implemented secure authentication and role-based access control.
- Designed recruiter modules to streamline alumni–student interaction.

Notes Application | *React Native, Node.js, Express.js, MongoDB*

🔗 [Code](#)

- Developed a cross-platform Notes application using **React Native** with a secure backend.
- Implemented user authentication, CRUD operations, and real-time note synchronization.
- Built RESTful APIs using **Node.js** and **Express.js**, with data stored in **MongoDB**.
- Ensured smooth navigation, optimized performance, and persistent storage.

TECHNICAL SKILLS

Programming Languages: C++, Java, JavaScript, TypeScript, C, Python

Frontend Frameworks: React.js, React Native, Next.js, HTML, CSS, Tailwind CSS

Backend Frameworks: Node.js, Express.js, REST APIs, Authentication (OAuth, Firebase Auth)

Databases: MongoDB, MySQL, Firestore

Developer Tools & Version Control: Git, GitHub, Postman, VS Code, Android Studio

Other Technologies: Redux, Axios, WebSockets

KEY ACHIEVEMENTS

- Secured **3rd Rank** in Smart India Hackathon (SIH) 2025 – Internal Hackathon.
- Solved 250+ DSA problems over different platforms ie. Leetcode, Codechef, GFG.
